Safety & Health

# Construction Sector: *CSR Scheme Information Webinar*

The Construction Skills Register (CSR) is a Northern Ireland register of construction workers who have completed the industry approved CSR health and safety training course and assessment, which aims to:

- Raise standards of health and safety
- Provide recognition of skills, experience and qualifications attained
- Reduce risks and accidents in the industry

In this webinar Jonathan Caughey, Federation Manager at CEF will provide information on the scheme to include:

- Update on CSR recent card changes - 1 day card/Supervisor card including NVQ level required from Dec 2024/Manager/Professional cards etc.
- The new Mental Health content
- Update on mutual recognition in both RoI and GB jurisdictions
- Q&A session – please submit any questions in advance to [admin@nisg.org.uk](mailto:admin@nisg.org.uk) and they will be collated for the webinar .

This webinar is aimed at anyone who is involved in managing construction or maintenance works in Northern Ireland, Republic of Ireland and mainland GB including HR & Training personnel; Managers and H&S personnel.
