CONTROLLING RISK TOGETHER

Effective management of safety and health makes good business sense, significantly reduce injuries, ill health and the associated costs which can result.

Featuring expert speakers' attendees will take away practical examples for sensible, pragmatic and effective health and safety solutions to address the most pressing health and safety issues affecting the industry.

Setting the scene

Malcolm Downey,
Principal Inspector, HSENI

What HSENI do, why they might visit, the hazards they see in food processing and best practice to protect your people and your business!

Effective Risk Assessments

Roisin Corry, Health, Safety & Environment Manager, Moy Park

The fundamentals of good risk assessment and identifying sensible measures to control the risks in your workplace.

Preventing Hearing Loss at Work

Simon Field, Senior Application Engineer, 3M

Industrial hearing loss accounts for 75% of all occupational disease claims. Solutions to protect both employees and employer.

Getting to Grips with MSDs

Liz McGarry, Physiotherapist, North Antrim Physiotherapy

The main causes of Musculoskeletal disorders in food processing operations and applying ergonomic principles to reduce MSDs in your workforce.

Accident Investigation and liability explained

Tom Stephenson,
Head of HSE, Lakeland Dairies

Learning lessons when incidents happen makes good business sense! So what does good accident investigation look like?

Learning from others

Jimmy Fenton, Committee Member, NI Safety Group

Safety is made easier when you know there's a network of like-minded individuals in your sector ready to help.
